## Regional Locator

## WMA Overview

**Location & Size:** Harrison County, 746 acres

**Contact** 859-428-2262

**Elevation** minimum 790 feet, maximum 920 feet.

**Entrance GPS coordinates:** Latitude N 38.33457, Longitude W -84.354

**Area Habitat** mostly open land: open land 68%, forest 31%, wetland 0%, open water 0%.

**Directions & Description:** Griffith Woods WMA (in the past referred to as Silver Lake Farm) is located in Harrison County near the junction of US 62 and Russell Cave Road (State Road 353). It is approximately 4 miles southwest of Cynthiana, 15 miles east of Georgetown, and 25 miles northeast of Lexington. KDFWR purchased approximately 350 acres from The Nature Conservancy while the University of Kentucky donated 391 acres acquired through the Kentucky Heritage Land Conservation Fund. The Nature Conservancy donated an additional 9 acres and retained ownership of a small parcel containing a family cemetery that is not open to public use. The area has a long history of human occupation and agricultural use. The property consists of various cover types ranging from agriculture, old field, pasture, and woodland including a unique open woodland composed of chinquapin oaks, burr oaks, and blue ash that are 150-350 years old. This open woodland habitat is representative of a blue ash-oak savanna-woodland community type thought to have occupied the Bluegrass Region of Kentucky around the time of European settlement. KDFWR will focus on preserving and restoring this unique landscape while providing outdoor recreational opportunity for hunters, wildlife viewers, hikers, and other outdoor enthusiasts.

## Online Resources

Public Hunting Area users must abide by the Kentucky hunting, trapping, and fishing regulations. It is incumbent on persons using Public Hunting Areas to become familiar with these regulations. Kentucky Department of Fish & Wildlife Resources provides these regulations on our Web site at [fw.ky.gov](http://fw.ky.gov) or by calling 1-800-858-1549. If you are viewing this as a PDF, clicking on the links below will direct your browser to our regulations and maps.

# Wildlife Management Area Map Notes & Legend

## NOTE TO MAP USERS:

For most WMA maps the landscape is depicted using a combination of elevation contours, hillshading and a green tint indicating woodland areas that is derived from satellite imagery. On WMAs that are relatively small or have a history of surface mining aerial photography is used.

## WMA Map Legend
